## PROBLEMS OF UNEMPLOYING VERY SERIOUS ASPECT

Stated That Number of Unemployed Men is Increasing Every Day.

ALLEGED MEN WITH MONEY PREYING ON GENEROSITY  
Drastic Efforts to Be Made to Determine Those Entitled to Relief.

The officials at the city hall will soon have on their hands a bigger problem than that contemplated when the unemployed camp at the exhibition grounds was broken up last week. The following day not more than 100 men went out to work on the relief gangs. The next day this number increased to over 100, and has been steadily increasing every day since until it is now up to 550 today. In addition to this number there are 450 of the unemployed men working on different gangs throughout the city, thus bringing the total up to 1,000.

Deputy Commissioner Richardson reported to council that the relief fund of \$25,000 would soon be exhausted, but is now preparing a statement of the amount of this that may be capitalized or charged to the various utilities. As soon as this is made it will probably be possible to credit back to the fund such amount. However, if this is not done, the appropriation will be exhausted next Wednesday, and the city will have over 1,000 idle men on its hands.

Numbers Are Increasing. Apparently, contrary to expectations, the numbers are increasing daily. Only yesterday over 100 foreigners arrived in the city from construction work on the G.T.P. Practically all of these men are working at the city hall and were given employment. There is at the present time no way of determining whether these men are without funds and actually in need of work, and the general opinion is that many of them have funds and are taking this opportunity of preying on the city by working a whole over three hours and drawing one dollar each day for this service.

The situation has now assumed such enormous proportions that some drastic efforts must either be made to determine who is and who is not entitled to relief work, or the city will continue to be flooded with men from all over the country who even see in this class of relief work a chance to make a new work found.

Up to the present time the city has not found any new line of work for these men apart from the general brushing of streets and parks in the city. Last Tuesday evening the representatives of three industries from Manchester on the south side appeared before council and pointed out where the city could serve these unemployed men with water, the lack of which is at present the cause of keeping 200 men away from getting employment in these establishments. One of the largest of these industries is the Edmonton Shovel & Tool Works, which has a capital invested of well over \$25,000. Their proposition is now to have the city employ a committee of three to hear the representatives of these industries when the matter is considered.

## CREW ON ENGLISH STEAMER MUTINY: NINETEEN ARRESTED

Liverpool, Jan. 22.—Mutiny broke out on board the steamship Devonian shortly after she left Liverpool yesterday for Boston and was compelled to put back to Holyhead where 19 of her crew were arrested.

The outbreak was caused by trouble between the union and non-union seamen. The crew was a mixed one, and in a few hours after the ship left the sailors refused to obey the orders of the ship's officers until the non-union men had been paid.

The captain thereupon decided to run back to Holyhead where the steamer came into the harbor with signals flying. A detachment of local police responded and arrested 19 union seamen.

## WHITNEY IS STILL IMPROVING; PASSES FAIRLY EASY NIGHT

Toronto, Jan. 22.—Sir James Whitney passed a comparatively good night and in a fair condition this morning. This was the first night signed by the three physicians posted at the general hospital at 11 o'clock.

Quality of Judge Prentiss. Lennox Brees was returning from jail guilty by Judge Prentiss of the criminal court of obtaining \$7,500 by false pretenses from Jas. O. Barker of Brees's employment agency, First street, and was sentenced to four months hard labor at Fort Saskatchewan.

Boat Tied Lost. Beaufort, N.C., Jan. 23.—Life savers from the Fort Maccoun station took off a crew of the power cargo boat "Bent" near here last night. The boat will be a total loss.

## EXTREME PENALTY IS IMPOSED ON MURDERER OF 13-YEAR-OLD LAD

Brantford, Ont., Jan. 22.—James Taylor was hanged this morning for the murder of Charles Hawthorn, a 13-year-old lad, in a most brutal manner on September 15th last year.

Taylor went to the scaffold without trouble, though he had spent a restless night, with Adjutant Hargrove, of the Salvation Army by his bedside, Jack Holmes was the hangman.

The people of the province of Alberta will be more or less interested in some of the details of a report of the work done by the Hydro Electric branch of the attorney-general's department for the year 1912, which was recently placed before Attorney General Cross.

The revenues of the branch for 1912 were estimated at \$250,000. They exceeded this amount by \$36,782.50, and in addition the Hydro Electric branch earned revenues, through fines for contravention under the ordinance, of \$134,000.00, which amount went to the general revenues of the province. These fines came from non-licences to sell liquor, \$120,000.00, and from the sale of 12,000 licenses \$14,000.00.

There were in all 445 convictions for liquor offences in 1912, and 12 of these carrying prison terms with them, varying from one month to nine months, aggregating 102 months. The large number of convictions shows that the attorney-general's department has been energetic in the enforcement of the laws and in the endeavour to have a cleaner province.

Hotel Licenses Suspended. There have also been suspensions of several hotel licenses, and cancellations in three cases. The causes for suspension were various, among them being improper sanitary conditions, uncleanness, drunkenness on the part of the licensee, allowing prostitutes on the licensed premises, lack of proper attention of licensees to the running of their hotels, and the sale of liquor in wholesale quantities to bootleggers.

Special attention has been given by the branch to making Alberta hotels furnish a little higher standard of service, and in view of the fact that the branch has been successful in the highest standard of accommodation was provided for, and travellers will find comfort, cleanliness and accommodation in the hotels of the province.

The expenditures exceeded the estimated cost of running the branch by \$11,132, but in view of the fact that the earnings were so large, the showing is very creditable. The greater portion of the expenditure was for the purpose of detecting and suppressing crime, so that a little over-expenditure was in good and justifiable order.

In the forecast of the year Chief License Inspector P. G. Foster inaugurated a system of inspecting the billiard tables and bowling alleys. Four hundred licenses have been issued, covering 1,527 billiard tables and 107 bowling alleys. These brought to the province a revenue of \$5,650 in 1912.

The licensing of incorporated clubs came into effect on October 25. Since that date permits to sell liquor to club members have been issued in the amount of 29 clubs, \$10,728.46 being added to the provincial revenues from this source.

Increase Is Expected. With railway building and the rapid development of the north country it is very reasonable to assume that the issuing of liquor permits will increase in ratio to the increase of the population. During 1912 there were 257 permits issued, each for one gallon of liquor. This does not seem to be an extravagant number, nor does it indicate abuse of the privilege. The department is now taking every precaution to minimize abuses from this source. No permit is issued without a license, and in a measure a medical man. The permits are signed by the lieutenant-governor and are consecutively numbered, and for each permit issued the department holds a receipt from the licensee.

The medical certificate, the record of fees paid, the account of the attorney-general's department, the numbered stub for the permit issued, the name and full particulars in the permit book, all are in force for three months from the date of issue. The problem of handling the liquor traffic in the north country is the most serious of the department's duties, and upon to handle. It is a matter which is susceptible to abuse, but, like a great many other things, it is in a measure a necessity, and where on man abuses a privilege, probably many men will not.

The isolated camps and cabins are difficult to be in possession of a permit.

## POLICE CHIEF SILAS H. CARPENTER WHO ASSERTS HE HAS NOT RESIGNED

Bandit Holds Up Officials and Forces Them to Do Dirty Work.

OCCUPANTS OF BERTHS THINK MATTER IS JOKE  
But Change Minds When Gun Is Pointed at Their Heads.

Chicago, Jan. 22.—With the assistance of two reluctant but badly scared porters a bandit early today held up passengers on the rear sleeper of the Michigan Central passenger train due here from Detroit at 7:30 this morning. It was a serio-comic affair which netted the bandit something under \$200.

The robber entered the train at Jackson, Mich., and left it about 15 minutes later when Louis Thomas, one of the porters signalled for the emergency brakes. T. Merritt, porter of the car attacked, was the first to view the bandit, who was a white man with a black and white check suit and wore a cap pulled down over his eyes. "You go ahead and take the passengers. Tell em there's a robber wants their money. No monkey business. I've got three pal with me."

Merritt took the bag, or hat he is not sure, and the bandit was a balding fellow, the first occupant of a berth he took. "Excuse me," said the porter, "but there is a man here who says you are to give him his money."

"Aw shut up, quit your kidding and get on with the thing. The guy's right."

"He had a gun."

"Tell him I'm a robber who's got the weapon between the curtains of the berth," said the bandit, who was falling into the receptacle trembling in the porter's hands.

From A. M. Todd of Chicago, the robber got a letter from Detroit, Detroit 100, and from P. L. Palmer, of New York, an unknown sum. "You got how much," said Palmer, "but it was what spare change I had."

There were about 20 passengers in the car and most of them did not know that anything had happened until they arose this morning. The robbery took place at 1:45 o'clock. There were no women in the car.

The conductor of the train was authorized by the statement that the bandit was but one robber. The porter thought there were four. The conductor said that so far as he was able to learn the bandit's comrades existed only for the purpose of impressing his victims.

Later it was learned that the fourth passenger robbed was L. J. Rhodes, of Chicago.

Then the porter told me a gentleman wanted my money. I told him porters usually did. The bandit pressed money against my head. He got only a few dollars from me."

Marshall, Mich., Jan. 22.—When Michigan Central's train No. 10, which was held up near Jackson early this morning by four men arrived here, the passengers and crew were told that the bandit had taken \$225.

Officials Held Up. Two of the robbers who worked without much success the conductor, a porter and two men to stand with their hands in the air while the other pair worked the coaches and took the valuables of the sleeping passengers. All of the coaches except one were sleeping.

The passengers were not compelled to leave their berths. The robbers reaching in, hauling out and putting on the passengers' money, and then in. It is said there were several women on the train but none were seriously frightened.

The whole affair was worked so smoothly and with so little confusion that the robbers had the goods and the hold up until after it had been accomplished.

Although the robbers were no marks it is said of very poor description of them was obtained, as the coaches were dimly lighted.

## LUNATIC ATTEMPTS ATTACK ON GERMAN PRINCE FREDERICK

Berlin, Jan. 22.—An unsuccessful attempt to attack Crown Prince Frederick William of Germany was made last afternoon as he was alighting from his automobile at the palace. A man ran into the carriage way and reached the door of the motor car. The entry on duty at the front of the palace dashed forward and seized the would-be assailant of the prince and overpowered him. The man appeared to be suffering from mental derangement.

Gas Engineer Will Likely Take Charge of Drilling Immediately.

The committee of the Ad club appointed by President Magrath at yesterday's luncheon to raise \$50,000 to drill for gas at Bruce, in the Vegreville fields, is at work today, and the latest reports secured by the Capital indicated that about \$25,000 had already been subscribed at the time of going to press, or more than half the total amount needed. At this rate the whole will have been secured by tonight or tomorrow at the very latest, and work will be commenced at once.

James Brodie, former gas engineer for the city, has been engaged as secretary for this committee, and it is likely by that Mr. Brodie will take charge of the work as soon as preliminary arrangements have been completed.

Indianapolis, Jan. 22.—After several hours of heated debate the convention of the United Mine Workers of America, here late today adopted a resolution declaring that the time had come when the workers should organize on economic conditions and the machinations of the interests in many places for the laboring people to come together in a political party. Socialism was designated and no preparations for a new party were contained in the resolution. Several delegates attempted to obtain an endorsement of their party, the laboring class.

Points Out Government Inconsistency Regarding the Naval Bill.

Ottawa, Jan. 23.—The debate on the address pursued a somewhat interesting course in the commonsense yesterday. None of the big guns on either side were unimpaired and the attendance of members at times was not such in excess of the necessary quorum.

Members from the maritime provinces laid away in the chamber for the first couple of hours. Mr. Jamieson, of Digby, left off with a defence of the government policies, and a criticism of the free food proposal of Sir Wilfrid Laurier. He contended that the manufacturing, farming and fishing industries of the country were equally entitled to protection.

Mr. Hughes (Kings, P.E.I.), followed with the contention that the increased cost of living was due to the wasteful extravagance of the government. He more particularly alluded to the expenditures on the militia and the navy.

# MOTHERS WHO USE TAKING CHANCES

If child is cross, feverish, colic, give "California Syrup of Figs."

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing. When your child is cross, nervous, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach full, or if he or she is constipated, give a few hours all the children's favorite waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children need to be coaxed to eat. The "California Syrup of Figs" is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing. # Stomach Always Baulked, Had Constant Indigestion

Smell of Cooking Made Him Sick—Blethous Two Days a Week

Cured by Dr. Hamilton's Pills

Mr. Clemmons' experience is not unusual. Nowadays poor stomachs are more the rule than the exception. But the proper treatment is more to be had than a quick cure. You can always depend on Dr. Hamilton's Pills, they reach the trouble at once, go right to work and work while you sleep and have you feeling better if not cured next morning.

250 food seemed to decompose in my stomach," writes Mr. Ralph Clemmons, of Newburgh, N.Y. "I had a stomach that failed in some way to perform its work. Digestion seemed more or less arrested and I grew thin, nervous, and my stomach became distended and impeded apparently the action of the heart, for often at night it would do great sickness. I would vomit a mucous mass, and at these times my head ached most terribly. My doctor, who had been cured of a similar condition, advised me to take Dr. Hamilton's Pills regularly, which I did, and in a few days I was simply marvelous. Dr. Hamilton's Pills removed the cause, strengthened the stomach, cleared the bowels, and the action of the heart was restored. I am now well, sleep and live like a live man."

# TO HIS SERVICE WESTMINSTER

Last Rites on Late High Commissioner to Take Place in English Abbey.

London, Jan. 23.—The colonial office issued the following statement last night: "The secretary of state for the colonies, Mr. Balfour, has received from the government after a consultation with the Dean of Westminster, has suggested to the family that the services in connection with the funeral of Lord Strathcona should take place in Westminster Abbey as a mark of respect to his high majesty's dominions."

Mrs. Miss Howard and other members of the family, in view of the general desire that the service should be in Westminster Abbey, have informed the Dean of Westminster of their acceptance of this suggestion, and the service will take place at 11:30 a.m., and the interment afterwards at Highgate cemetery, in accordance with the personal wishes of Lord Strathcona. The full approval of his colleagues the dean of Westminster has been offered to the family the privilege of having the funeral service in Westminster Abbey, but the late peer's desire to be buried with his wife at Highgate, has been definitely expressed that the offer was declined."

## NORTH EDMONTON NEWS.

North Edmonton's largest industry, the Swift Canadian Packing Plant, reports 1913 as the greatest year in their history. The volume of business has been carried through. Every department of the big plant showed an increase over previous years, and future prospects are opening up great proportions with the opening of the new plant at 12th and 10th streets, and G.T.P. through to the coast. Scarcely a day passes but numerous visitors are coming to the plant.

Fire Hall and Police Station. Although the firemen have been located in the new building, the police have not yet moved in, and everything is in a smooth running order. The two departments are under the one roof and the building is one of the finest and most up-to-date of the firehall buildings in the city.

Civic Association's Good Work. What the board of trade and the Civic Association have done for the North Edmonton Civic Association in the past year, was organized a little over a year ago, January 22, 1913, and has since then been working hard to improve the city.

3000 Illustrations and over 1000 photographs of the city of North Edmonton are now on hand. The fact that the work of the association is bearing fruit is shown in the fact that the business life of busy North Edmonton, May Get Branch Library.

North Edmonton Civic Association is granted, the northern suburb may soon have a branch of the public library. A request asking for name was sent to the public library committee, and a public meeting was held on the subject and convenient for the purpose. A small outlay of money in good books and periodicals would mean much to North Edmonton.

NEW POLICE DEPOT HAS BEEN OPENED IN NORTH EDMONTON

The new police station at North Edmonton has now been opened and is in operation. The building is a new one built in connection with the new firehall situated on Thredaville street. The present time Sergeant McCrell is in charge of the station with constables and two mounted men who patrol Alberta avenue also make their rounds. The new station is a very spacious and comfortable building, and is a very good example of industrial architecture.

One of the next big co-operative schemes to be undertaken by the United Farmers of Alberta will be a public packing plant. F. W. Stevens, provincial livestock commissioner, suggested the convention with regard to the possibility of such a plant, and gave assurance of government support along the lines of the financing of the farmers' elevators. He told the delegates that whenever any single community could be depended upon to produce fifty thousand head of hogs annually, the government would furnish the necessary financial support. Major Eaton and Mrs. Eaton of Kingston expect to remain permanently in Edmonton.

Mr. and Mrs. Parlee have returned from Winnipeg where they spent a few days, being guests at the Fort Garry.

Miss Lorna Nicholls arrived from Winnipeg yesterday and is a guest of Mrs. Ambrose Brown.

**Dinner.**  
Mrs. Goldwin Kirkpatrick was the hostess of a charming little dinner on Wednesday evening. The guests were Mr. and Mrs. P. H. Barker, Mr. and Mrs. Hensley, Miss Goodham, Mr. Harry Baldwin, and Mr. Charles Scarth.

**Luncheon.**  
Mrs. James Smith, Victoria avenue, gave a delightful luncheon yesterday. The table was artistically arranged with the polished silver laid out in two doilies and a lace centerpiece, on which stood a shower of lovely white tulips.

At the places were dainty bouquets of lilies of the valley.  
The guests were Mrs. Calderon, Mrs. Nightingale, Mrs. Parlee, Miss Goodham, Mrs. Hensley, Mrs. Scarth, Mr. Kenneth Macdonald, and Mrs. Nivn.

**Ball.**  
A masquerade ball was given last night in the Lyric hall, Kinsmen avenue and Short avenue, which was attended by about one hundred couples. Prizes for the best costume worn by lady and gentleman were won by Miss M. Johnson as a Scotch lassie, and Mr. G. B. Douglas as a Scotch lad. The lady's prize was a watch bracelet and the gentleman's a watch fob. The Lyric orchestra provided the music, and a very enjoyable supper was served at midnight.

**Wedding.**  
The residence of Mr. and Mrs. R. P. Ottewill, Clover Bar, was the scene of a pretty event on Wednesday evening when the marriage of their eldest daughter, Frances, 22, to Mr. John Alexander Hamilton took place.

Appropriate music by the orchestra gave a touch to the ceremony.  
The bride who was given away by her father wore an elegant gown of grey duchesse satin, draped with lace extending to the edge of the long train. A long tulle veil was arranged, and she carried a bouquet of white roses.

Miss Jennie Ottewill was her sister's bridesmaid, wearing a pale pink champagne satin with long train, the skirt slashed over a lace petticoat. The bridesmaid was accompanied by a pale pink champagne satin with long train, the skirt slashed over a lace petticoat.

## BIJOU SCORED BIG

### COUP BY OBTAINING LATEST DANCE FILMS

The Turkey Trot another of the present day dance crazes and perhaps the most talked of than any other, is shown at the Bijou on the program of today and tomorrow. This closes the wonderful successful exhibition of the motion picture dancing lessons that have been projected on the Bijou screen during the week.

The Turkey Trot was the first of these talked of dances to make its appearance, not after it came the Tango and the Hostess, and never in all history have three dances created such a furor among civilized countries as have these.

Manager Baza says that he "has saved the best of them all until the last" and believes that "The Turkey Trot" will meet with even greater reception than the others have. This is saying a great deal, for the Turkey Trot has been the largest show-day theater in the city, has been crowded to its doors at almost every performance, during the presentation of the Hostess Waltz and the Tango.

The pictures are commendable in that they not alone show the very correct interpretation of the world's latest in dances, but the clever artist shows them on in such a manner that every single step is clearly and plainly shown and those wanting to learn them can do so.

The photography is also excellent and special music accompanies the execution of the dances, and in that way nothing whatever seems lost by their presentation on the screen.

In view of the timely showing of these dances, when everyone is talking of them, the Bijou management has scored a distinct coup for the winning of public favor. They are to be congratulated for their successful charge has not been raised while these films were put on.

A strong political drama, "The Frame-Up," will be Pathe's Foreign Gazette, giving the latest European news in movies, delightfully received, and another of the comic Keystone Comedies closing this bill.

**Masquerade Carnival.**  
The south side is to have another fancy dress skating carnival on Tuesday next, the hockey club of Knox church having arranged for the event to take place at the covered rink. Tin south side merchants have contributed 15 splendid prizes to be given for the best boys, girls, lady's and gentlemen's costume.

## NOVEL EQUESTRIAN

### ACT IS FEATURE AT PANTAGES THEATER

Shirring Monday the new Pantages bill will be headlined by the cream of all riding acts. The Hiding Duttons, several equine performers, have been given at Pantages this season but the Duttons are claimed to be in a premier position to any other riding or equestrian act in the world today.

They do many new and novel tricks and have added to their already long list of accomplishments a series of somersaults from a carriage which is drawn by the horses. The stage at the local Pantages house is not sufficiently large to accommodate them and it has been found necessary to build a treadmill work out over the footlights and brace the same from the orchestra pit in order to properly handle the act.

Richard Thornton and Cecilia Rhoda two stars of grand opera are also slated for a prominent position on the program playing a musical tableau which consists of a number of the most popular arias and duets from the better known grand and musical operas. Both Miss Rhoda and Mr. Thornton are the possessors of splendid voices. The lady has a high contralto and a sweet and clear voice and the latter's voice is of the rollicking baritone register, giving remarkably full and particularly pleasing.

Chad Stevens and her company, after a delightful dancing act in which some weird and difficult steps will be shown while as a raconteur Patsy Doyle, the big fellow who has made millions of cash with his pathetic voice and manner, has no equal. Dan and Holt, two delineators of black face comedy, will conclude the bill.

## MEXICAN PICTURES

### OF RECENT BATTLES AT THE ORPHEUM

A wonderful picture of unusual interest is being shown at the Orpheum. Jasper set today, and Saturday in the Latin feature, "The Clod," or "Barbarus Mexico." The story deals with the revolution and was taken right on Mexican soil, showing real battles, and the destruction caused by this successful war. Many scenes of this unusual country are shown during the course of the picture and in one it shows an actual battle and in another the stealing of a farmer's cattle and horses, and later using his house for a hideout. During a battle his wife and mother are killed and his home destroyed by fire. His dormant passion is aroused and his wife and mother, his house in ashes, he wrenches a gun from a dead soldier and plunges into the fray. He is a man of no attacks anybody, not knowing which side he is fighting. At last he is shot, and he is killed. The picture is a story of a man's life and his mother, his house in ashes, he wrenches a gun from a dead soldier and plunges into the fray. ## EMPRESS SECURES FINE FEATURE IN "JANET OF THE DUNES"

The beautiful Empress theater offers as the star feature for the program of today and tomorrow a beautiful scenic and heart compelling story, "Janet of the Dunes," written by the same authoress, whose wonderfully successful "Joyce of the North Woods" has given her a recognized standing. The picture is in two parts, and is one of those lovely old-fashioned stories treated in a refreshing way, and one that will never wear out. Everyone will like "Janet of the Dunes." It is one of those pictures that one cannot help but be impressed with.

The story runs as follows: When John Devant was a young man he fell violently in love with a girl in the little Long Island town wherein he spent his summers. He persuaded her to marry him and took her back to the city. The girl, although beautiful in her native country, faded perceptibly in the city. After a time Devant tired of her. A short trip abroad, ostensibly for business purposes, was suggested by him first to a month, then to six months, then to a year. The tired wife, friendless and alone in the city, waited until her heart grew cold and dead. Then she went back to the home of her childhood, to the place where her father's child, a little girl whom she called Janet. The good aunt was too late to save her. Janet died that day when she arrived, and Captain Billy, who had loved her all his life, swore that he would protect her little daughter.

Eighteen years later Janet had grown into a beautiful woman. One day she discovered a secret way of getting into one of the beautiful houses belonging to the summer colony. In the library of this house she used to sit for days at a time reading through the splendid collection of books. One day John Devant, the owner of the house, came to Janet and she was surprised to find that he was momentarily startled by the girl's appearance, listened with interest to her explanation and readily granted her permission to use the books at any time.

Richard Thornton, a friend of Mr. Devant, came upon Janet one day on the dunes and, struck by her piquetness, began to court her. Janet, however, was not interested in him. An intimacy sprang up between them that was rather a frank, buoyant, happy one. Janet was not aware of the arrival of a young lady from the city spoiled it all. She discovered the girl's coming to the artist in his studio, and made several unpleasant observations. Janet, with a sudden real thought of what the artist really thought of her, decided to leave the few "cut words" and he left for the city, tormented by conflicting desires.

After a short absence from home, she found him that he could not live without her. He returned, clasped Janet in his arms and told her he would have none other for his wife. A chance photograph led to Devant's discovery that Janet was his daughter. The remorseful father welcomed Janet and Richard with open arms and promised himself to do all for her happiness and to the mother by his love for the child.

The large picture organ will accompany the showing of "Janet of the Dunes" and there are many splendid opportunities for the organ to play pretty music. There are, in addition, a number of other very good and pleasant reels up to the high standard of the Empress pictures.

## DETECTIVE STORY

### DRAWN BIG CROWDS AT MONARCH THEATER

Detective stories are always interesting, but when the detective is a young and pretty woman who shows wonderful courage and who is in the end becomes double interesting. The originator of the detective who features the story portrayed in the films at the Monarch theater today and tomorrow is the famous Playboys Film company.

The mystery element is introduced when Prof. Wallace, a scientific authority, strenuously objects to his son Richard's romance with Violet Duns, a chorus girl. A heated altercation between father and son follows, during which the professor threatens to disinherit the headstrong boy if he persists in his infatuation. The next day the professor is found dead, and Kate Kirby is engaged to trace the crime. On the strength of the motive, the lovers are suspected, until Miss Kirby traces the culprit's death to a little invention a deadly machine, by means of which it is possible to direct and control a terrific explosion of force, which Miss Kirby demonstrates caused the professor's death. Whose hand operated the machine was, however, left to the imagination of the audience.

### WINNIPEG DOWNED MONARCHS LAST NIGHT CLOSE GAME

Half Time Score Was 5 to 3  
and Five All Near End  
of Game.

### FASTEST GAME OF SEASON IN THE WINNIPEG LEAGUE

Both Teams Are After the Al-  
lan Cup—Monarchs Faded  
in Last Minutes.

Winnipeg, Jan. 23.—Coming through  
the first five to five in the last eight  
minutes of play, the Winnipeg downed  
the Monarchs here last night by the  
score of 7 to 5 in a Winnipeg league  
game after the fastest contest of the  
season. The Winnipeg held a lead of 5  
to 3 in the first half, but the Monarchs  
came back and simply played the cham-  
pions off their feet for 25 minutes and  
finally succeeded in tying up the score.  
But the Allan cup men came back and a  
rush of the length of the ice by Anderson  
resulted in a pretty goal and three seconds  
later another one was lifted into the net  
and the contest was practically decided.  
After that the Monarchs faded and did  
not have the life left to pull the game  
out of the fire. Lineup:

Winnipeg	Monarchs
Goal	Stuart
Winkler	Point
Turnbull	A. Irvin
Cover	Anderson
Boyer	Irvine
Andrews	Maxwell
Center	Munroe
D. Irvin	Right
Vorney	Left
Hay	Mortie

### "Y." INTERMEDIATE EMPLOYED BOYS' BASKETBALL LEAGUE

The Mohawks defeated the Algon-  
quins in a scheduled basketball game.  
The score being 8-4 in favor of the  
Mohawks. The line up was as fol-  
lows:

Mohawks: Algonquins:  
Ockenden, captain Haining, captain  
Gregory McCoppin, James  
Clay Brown, Kell  
Clegg Wilcox  
Rutherford.

### TODAY IN PUGILISTIC ANNALS

1885—the Weir knocked out Tommy  
Miller in 7th round at Minneapolis.  
This bout was held at John Barrow's  
club in the Flour city, where, a few  
months before, the "Helford Spider" had  
won the world's featherweight title by  
defeating Tommy Warren, New York  
fighter. Tommy Miller, hailed from  
Omaha, and was considered one of the  
best men of his weight in America.  
He had had to take a lot of punish-  
ment from Miller, and the latter fought  
genuinely and had both eyes almost  
closed when "Weir" put over the K.O. punch  
in the 7th. Shortly afterward he de-  
monstrated his right to the world's title  
again by knocking out George Sullivan,  
famed in pugilistic circles of a quarter  
century ago as the "Iron Man."

1887—Jack Demsey defeated Danny  
Kelleher in 10 rounds at Boston.

1893—Rid McCoy knocked out Jim  
Thomas in 2nd round at Hop Springs,  
Ark.

FITZ WILL NOT BE  
BARRED.

Johnny Coulton Won.  
Racine, Wis. Jan. 23.—Johnny Cou-  
lton, bantam weight champion, won a  
shave from young Symmet, of Rock Is-  
land, in a fast 10 round bout here last  
night.

Coulton's superior boxing entitl-  
ed him to a margin, but it was a very  
slight lead. The rugged Rock Islander  
proved a willing miter and staggered  
Coulton repeatedly with heavy swings  
to the head and face.

Coulton proved a disappointment to  
the crowd and was not the fighter of  
old. It was apparent that he was tire-  
ing rapidly and he frequently resorted  
to clinches that brought shouts of de-  
sision.

Albany, N. Y., medical college will  
have a new home this year to cost  
\$150,000.

Camden, N. J., prohibits music in  
saloons.

### PLENTY OF GAMES YET, IN THE LOCAL HOCKEY SEASON

The next big game of the inter-city  
series will take place at the arena  
rink on Wednesday night, when  
the Calgary Chinooks will en-  
deavor to repeat the dose they ad-  
ministered to the Dominions in the  
southern city. It will be remembered  
that over-time was needed for the  
southern boys to turn the trick, but it  
seems altogether likely that the fate  
that befell the Chinooks when they  
met the Eskimos on the big ice, will in  
all probability be duplicated.  
The Dominions should make a light lunch  
of their southern opponents.

The Edmonton teams have still a  
pretty fair program of work cut out  
for them, as it is expected, that when  
the provincial championship has final-  
ly been decided, a series of games may  
be played between the Eskimos and  
trophy. This would be a mighty in-  
teresting series for the local fans to  
witness, no matter which of the two  
teams is to represent Edmonton in the  
Allan cup game. The Eskimos and  
Dominions can be counted upon to  
put up one grand exhibition of the  
national winter sport, no matter when  
or where they meet.

On Tuesday night at the South Side  
rink the Penmans and Stratthorns  
hook up in their last game of the sea-  
son. Penmans have registered two  
defeats to the south-siders and can  
be counted upon to repeat the per-  
formance again. If such an unfor-  
e thing did happen, and the Pen-  
mans were beaten, it would only serve  
to give Varsity a somewhat better hold  
on the championship ring. The play-  
off of the tie game between these two  
teams has not been arranged yet, but  
when they do meet, it should certainly  
be one grand event. It is Varsity's  
one last chance to break even with the  
penitents.

### CHARLTON RACES.

Charlton, S.C., Jan. 23.—Yester-  
day's results:  
First race, 5 1-2 furlongs—Coming

Fifth race, mile—Dr. Jackson won;  
Tom Hancock 2nd; Rector 3rd. Time  
1:44 1-4.

Sixth race, mile—Charter won; Earl  
of Savoy 2nd; Frank Hudson, 3rd. Time  
1:44 2-5.

**Prince Albert Wins.**  
Prince Albert, Sask., Jan. 23.—Prince  
Albert Minnie thoroughly avenged  
themselves last night for their recent  
defeat in Battleford by defeating that  
team nine to four in a decidedly one-  
sided game.

At half time the Minnie led five to  
one. In the second half the teams  
played sixteen a side, O'Leary of  
Battleford being injured and Prince  
Albert having off a man.

**Medicine Wins.**  
Medicine Hat, Jan. 23.—Medicine Hat  
defeated Redcliffe by 11 to 2 in the  
fastest game of hockey seen here in  
years. It was the Hat's second game  
in the Alberta league south district  
and both Taber and Redcliffe have fal-  
len before them. Redcliffe had an ag-  
gressive team but in the last two  
quarters they were played off their  
feet.

Los Angeles will give municipal  
employment to a number of jobless  
men.

Cleveland thieves are reported rob-  
bing new houses of plumbing material.  
Philadelphia Weismann have opened  
new club house costing \$25,000.

### CAPITALS WIN TWO OF THREE GAMES AGAINST ESKIMOS

The Capitals won two out of three  
games from the Eskimos at the Olympic  
bowling alleys last night. The  
Eskimos appeared at the alleys with  
only four men, and the Capitals' low  
score in each game was necessarily  
dropped.

Two "fives" from Red were ex-  
pected in town Saturday to try con-  
clusions with two local teams, and  
there is a possibility that a team may  
be sent to St. Paul to compete at the  
big tournament in that city in Febru-  
ary.

Following are the scores in last  
night's games:

**Eskimos.**  
Gonell ..... 169 154 208—542  
King ..... 129 122 148—419

#### A Reign of Short Prices and Hurry-up Selling

#### Overstocked Lines in Blankets and Comforters Must Go

THE very fact of these two clearance lines being the best values money can buy hasn't saved them from being included in sale. Store policy forbids carrying such goods over to another season. So out they go.

**Scotch and English All Wool Blankets. Regularly \$7.50 and \$8.50 Pair, for... \$6.50**

They are of finest English and Scotch all wool white yarns. Very closely woven, finished with thick fleece, thoroughly scoured and shrunk; pink or blue borders. Windy whipped full double bed size will last for years to come. Regularly \$7.50 and \$8.50. Clean Sweep Sale \$6.50.
